

# FRESH FOOD IS A BASIC HUMAN RIGHT

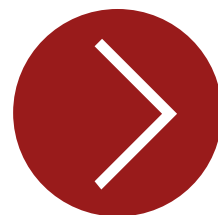

**f**resh Stop Markets are bi-weekly fresh food markets that “pop up” at local churches and community centers in fresh food insecure neighborhoods.

Community members purchase shares of 10 varieties of seasonal, affordable, and organic produce one week in advance so that farmers do not face the same degree of risk they would with a standard farmers’ market. Our income-based sliding scale, volunteer chefs, and community leader focus means everyone is included.
